

PSI Paranormal Scientific Investigators
Observers Form

In the past PSI has had problems when showing up for an investigation and there are many friends and family of the client at the site. We ask that in order for our team to provide a quality, factual, and scientific investigation that only members of the household are present, unless requested one week prior to the investigation. Any one who attends must be included as observers on this form, at least 18 years of age and approved by all the founders of the organization prior to the investigation. Furthermore, any observers must obey any commands from the director/ team leaders of the organization in order for a meaningful investigation to happen. At any point during the investigation, a founder does have the authority to ask an observer to leave resulting from misconduct or tampering with any of the PSI investigating tools or equipment. We apologize for any inconvenience this may cause but in order for our team to record any truthful evidence we must omit any areas of concern that cause problems.

By signing this form the property owner acknowledges that only members of the resident are permitted on the property during the investigation unless noted on this form and approved by ALL PSI FOUNDERS prior to the investigation. PSI reserves the right to cancel any investigation because of lack of cooperation involving the participation of observers.

With your permission we would also like to include on our investigation any one who is wishing to become a member. These people will also be considered an observer and will be treated as such and are to follow ALL guidelines set forth by the PSI Founders. Their names will be included in the list below before the property owner signs.

Please Print _____ Date _____
Property Owner _____ City _____
